Delamar West Hartford

Highly recommend!

"We booked 2 nights at the Delamar as wedding guests - I was in the bridal party. Bride's room was extremely nice and large - private patio, soaking tub - ample space to have hair and makeup completed for multiple girls at once. Nice natural lighting.

My room was equally nice - beds are extremely comfortable! The Delamar staff is so nice - everyone willing to go above and beyond to help when needed. Checking in and out was a breeze. Free valet and continental buffet style breakfast included with your stay. Did not have time to try the spa, but plan on staying again. Well worth the price."

Love this hotel!

"This was a first time visit for me and it was one of the best hotels I have ever stayed in, and I travel a lot! I would highly recommend it. It is worth the few dollars more you might spend. It was quiet, nicely appointed rooms and the staff was amazing! Everyone was friendly and you could tell they liked to work here. It's in a great location too. And the Artisan restaurant on property is lovely too."

Exceptional stay, amazing customer service

"This was the second stay at this hotel and it was wonderful. Our room was spotless (thank you housekeeping!) and Artisan restaurant is a destination unto itself. What made our visit truly exceptional this time though was the staff. First class customer service. Mickey greeted us with his million-dollar smile and his upbeat personality. He seems to be the jack-of-all-trades, since I saw him working in various areas (e.g., he even drove me in the Delamar shuttle van to a close-by concert I attended). He was enormously helpful and is an incredible brand ambassador for the hotel. A daily dose of Mickey really brightened our stay. Mariah and Catherine at the front desk on Saturday night were beyond friendly and also so helpful. They coordinated the van shuttle for me and they also helped me (twice) when my card didn't work in the elevator. Every time I spoke to them they could not have been kinder or more accommodating. Yes, the amenities at the hotel are top-drawer (e.g., Bulgari bathroom products), but it's the staff who can make or break the guest experience. Kudos to Mickey, Mariah, and Catherine...you have a dream team with them. Cannot wait to return soon!"

"The experience was wonderful! By far the best hotel I have ever stayed in!! The staff was so courteous and friendly! We stayed in the presidential penthouse suite which was beautiful, and the following night I stayed in a guest room that was also beautiful!"

Delamar Greenwich

Excellent

"We have stumbled into this hotel many years ago, very tired after a busy day in Cambridge, MA and driving back home in the suburbs of Washington, DC. When we realized that continuing to drive was not a great idea, our car found a hotel a couple of miles off I-93 and yes, they had a room. We were lucky. Now we stay there every time we pass by. It is an excellent, well-managed property by the water, with the most helpful staff. The restaurant is also quite good, and they have a terrace by the water, very pleasant when it is warm. Recommended."

Fabulous staycation

"Went on a staycation with my daughter and new puppy. Delamar Greenwich is in a perfect location and our room had a terrace overlooking the water- gorgeous sunset. Everyone at the hotel was warm and friendly, but always remained professional. Loved being so close to downtown Greenwich and the ability to have either Jose or Will take us into town in the Tesla! The ride was part of the fun experience! Loved everything about our stay."

The Artisan is one of our favorite restaurants. Food and Service always outstanding. While the menu is chock full of great selections, I would like to see a few more beef, lamb and veal selections.

The Artisan is where we go for special occasions throughout the year and occasionally in the summer for a drink and small dish in the outdoor courtyard. The food is always excellent, the portions reasonable and the service generally excellent. The desserts are particularly good.

I've eaten at Artisan twice. During the height of the pandemic, we stayed at the hotel and had the food delivered to our room. More recently, we ate in the restaurant.

The service in all cases has been impeccable. I find the overall engagement by the staff to be at a very high standard. The appetizers and entrees were perfectly timed, and the accommodations made for our younger eaters were superbly done. Because they were treated kindly as guests, our little ones enjoyed the experience and exhibited excellent fine dining manners. We were seated in a little private alcove with a cushioned curved bench that was very comfortable.

The food has been exceptional both times. The quality of the seafood was notable, especially the scallops and salmon. The chowder was among the best I've had in any restaurant anywhere, well-balanced in flavor and creaminess. Sometimes you just want a burger, and the one they make does not disappoint! It's always a good sign when the side dishes are as good as the main entrees, and the children's fare actually being at the same standard as the rest of the menu (and not being microwaved chicken nuggets and fries).

I'm looking forward to our next meal here!

Had dinner there this past week and it was SO good. Highly recommend the cheese board and the chicken. Cocktails were also delicious. The service was great, very friendly and helpful. Perfect spot for dinner and they also have a great brunch!

We had a fabulous experience at the Inn at Longshore. The staff was so accommodating, personable, and professional. The rooms were super clean and dust free. The inn was so quiet, you could hardly tell that other people were there. The rooms are all decorated with a quaint antique decor that gives each room a unique flare. The Bridal Suite has a separate door closed off from the living room with a table for dining and refrigerator in each room. My family and I stayed here for a month after moving and waiting for our new house to be ready. We were very comfortable there. The continental breakfast was icing on the cake with good food in a beautiful dining room. They even allowed me to close the dining room door in the evenings so that I could have a quiet place to Zoom while attending my graduate school classes at night. There was a nice quiet sitting area with a couch and fire place where my family and I could sit and relax in the evenings. Not to mention the beautiful view of the grounds and Long Island sound. I would highly recommend you give the Inn at Longshore a try!
